PRESIDENT R. CRAIG ALLEN

TO THE STUDENT:

Robeson Technical Institute is your school. From its beginning in 1965, it was destined to become the educational center to serve you, the student.

You pass through its open door to prepare yourself for opportunities that lie ahead. But you should not pass unchanged; for here you should become a person equipped with the knowledge and skill required to serve your community and to meet your share of the responsibilities of life.

AUTOMOTIVE

The Automotive Mechanics Curriculum provides a training program for developing the basic knowledge and skills needed to inspect, diagnose, adjust, and repair automotive vehicles. Manual skills are developed in practical shop work.

Graduates may find employment in the automotive service industry.

BUILDING

ELECTRICAL INSTALLATION AND MAINTENANCE

Courses in the basic building trades specializing in Carpentry, Masonry, and Electrical Installation are offered. Through a combination of classroom and practical job experiences, a student may be qualified to enter his particular trade as an on-the-job trainee or apprentice.

TRADES

CARPENTRY: framing, scaffolding, finishing, millwork, cabinetmaking.

MASONRY: bricklaying, cement masons, stone masons.

ELECTRICAL INSTALLATION; residential wiring, commercial wiring.

MASONRY

CARPENTRY

COSMETOLOGY

The Cosmetology Curriculum is designed to prepare the student for employment in the field of cosmetology. The Curriculum provides instruction and practice in manicuring, shampooing, permanent waving, facials, massages, scalp treatment, hair cutting, and styling. This Curriculum is approved by the North Carolina State Board of Cosmetic Art Examiners.

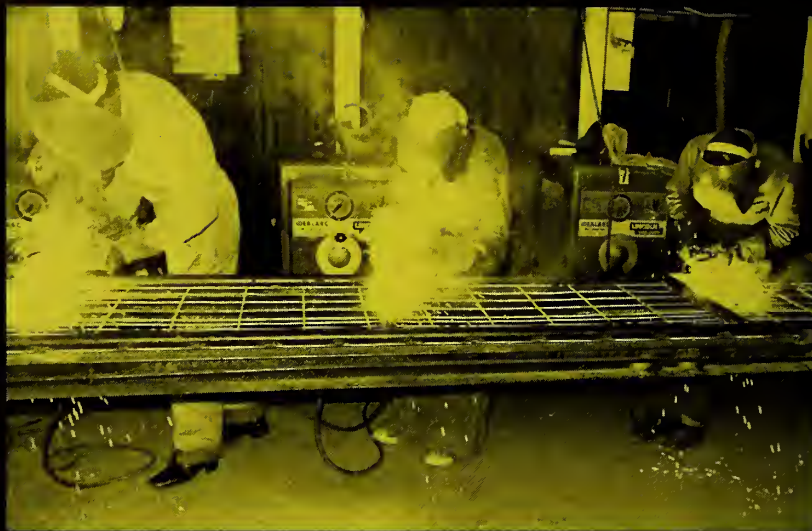

PRACTICAL NURSING

The Practical Nursing Curriculum is structured to prepare students for participation in the care of patients of all ages, in various states of dependency, and with a variety of illness conditions. Graduates of the program are eligible to take the licensing examination given by the North Carolina Board of Nursing.

WELDING

The Welding Curriculum gives students an understanding of the principles, methods, and techniques of oxyacetylene, arc, and inert gas welding. Practical shop work provides opportunity to attain essential skills for successful employment.

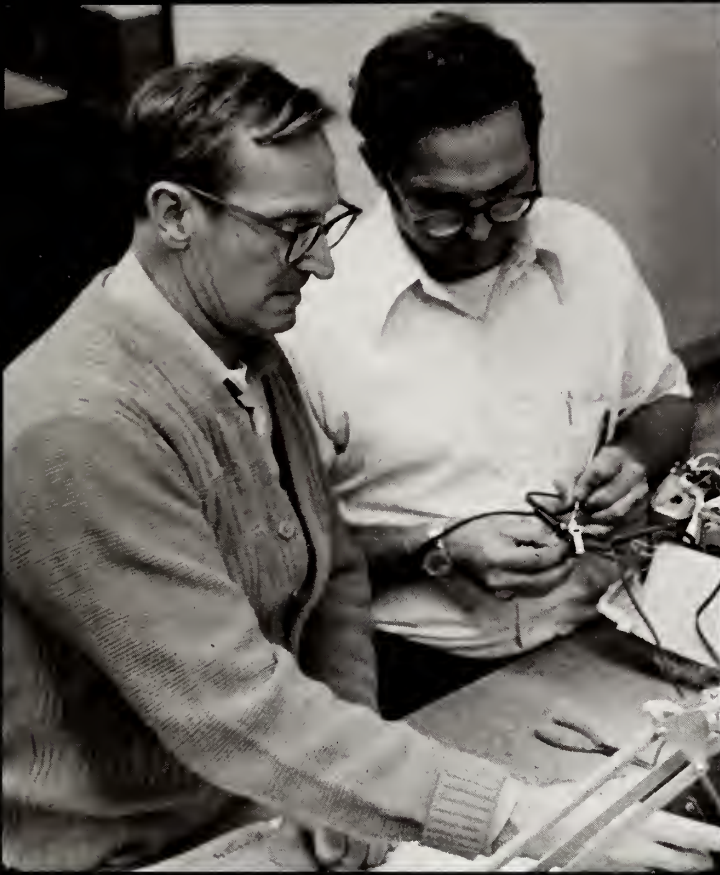

AIR CONDITIONING AND REFRIGERATION

The Air Conditioning and Refrigeration Curriculum is designed to give the student practical knowledge that will enable him to become a capable serviceman in the industry. Students may be prepared for jobs in air conditioning, automatic heating, sheet metal, and commercial refrigeration installation and service.

RADIO, TELEVISION AND ELECTRONIC SERVICING

The Radio, Television, and Electronic Servicing Curriculum provides an opportunity for attaining skill as a serviceman in installation, maintenance, and servicing of radio, television, and sound amplifier systems.

BUSINESS

ACCOUNTING
BUSINESS ADMINISTRATION
GENERAL OFFICE
TECHNOLOGY
SECRETARIAL SCIENCE

The Business Curriculum is designed to prepare the graduate for employment in many phases of business operation.

BUSINESS ADMINISTRATION: management trainee, salesman, supervisor.

ACCOUNTING: record keeping, clerks, bookkeepers, assistant accountants.

GENERAL OFFICE TECHNOLOGY: administrative assistant, file clerk, machine transcriptionist, general clerical.

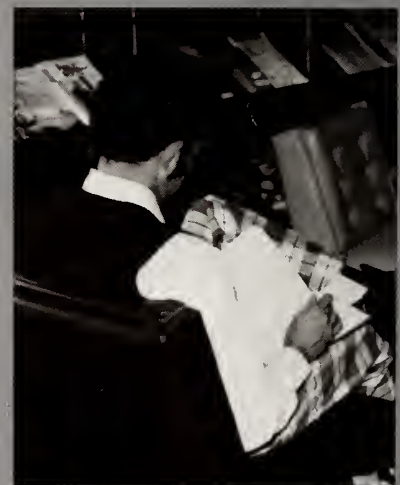

SECRETARIAL SCIENCE: stenographer, executive secretary.

DEVELOPMENTAL STUDIES

The Developmental Studies Curriculum is planned to provide developmental instruction in mathematics, English, and science to strengthen the student so that he may be better prepared to enter a vocational or technical curriculum.

Police Science

This curriculum provides academic training for law enforcement officers, prospective law enforcement officers, and citizens interested in the crime problem.

The student must develop a competency in investigative techniques, patrol and traffic mechanics of arrest, search, and seizure.
